

Taking Advantage of **Preventive Services**

Your New Health Insurance Covers Many Preventive Health Services For Your Family

Preventive check-ups and screenings can help find illnesses and medical problems early and improve the health of you and everyone in your family.

Your new health plan will cover screenings and services with no out-of-pocket costs like copays or coinsurance as long as you visit a doctor in your plan's provider network. This is true even if you haven't met your deductible.

Some Available Services

- Annual exams and well-child visits
- Recommended vaccines and flu shots
- Screenings for high blood pressure, high cholesterol, diabetes and depression
- Cancer screenings such as mammograms, cervical and colorectal exams
- Obesity screening and counseling
- Alcohol abuse and tobacco use screenings, and help to stop
